

ASSI Stories

A multimedia project
for Australian South Sea
Islanders to explore
identity, heritage & story.

WHAT IS THE ASSI STORIES PROJECT?

ASSI Stories is about storytelling, education and awareness. ASSI community members will be invited to attend storytelling and media workshops in Brisbane throughout 2014, to learn how to turn their story into a video or photo story. At the end of the project, the videos and media produced by project participants will be presented in a public event in Brisbane. A Facebook page and website will showcase the works created and act as a platform for other regional ASSI community members to get involved, learn media production skills and share their own stories online.

Australian South Sea Islanders Secretariat Inc. (Brisbane) is the principle project partner in collaboration with Creative Producer and Filmmaker Amie Batalibasi.

APPLICATIONS
FOR WORKSHOPS
OPEN April 2014

THE ASSI STORIES PROJECT AIMS TO:

- Give voice to Australian South Sea Islander stories;
- Provide ASSI community members with opportunities to learn media production skills;
- Create online educational resources through the stories produced & the project website;
- Share ASSI Stories with the broader community;
- Connect ASSI people and communities through the Facebook Page, and project website.

YOUR CONTRIBUTION IS VALUED

Whether you are in Brisbane or a regional area, we want to hear from you! We invite all ASSI people, groups and communities to provide input.

Please feel free to contact us!
